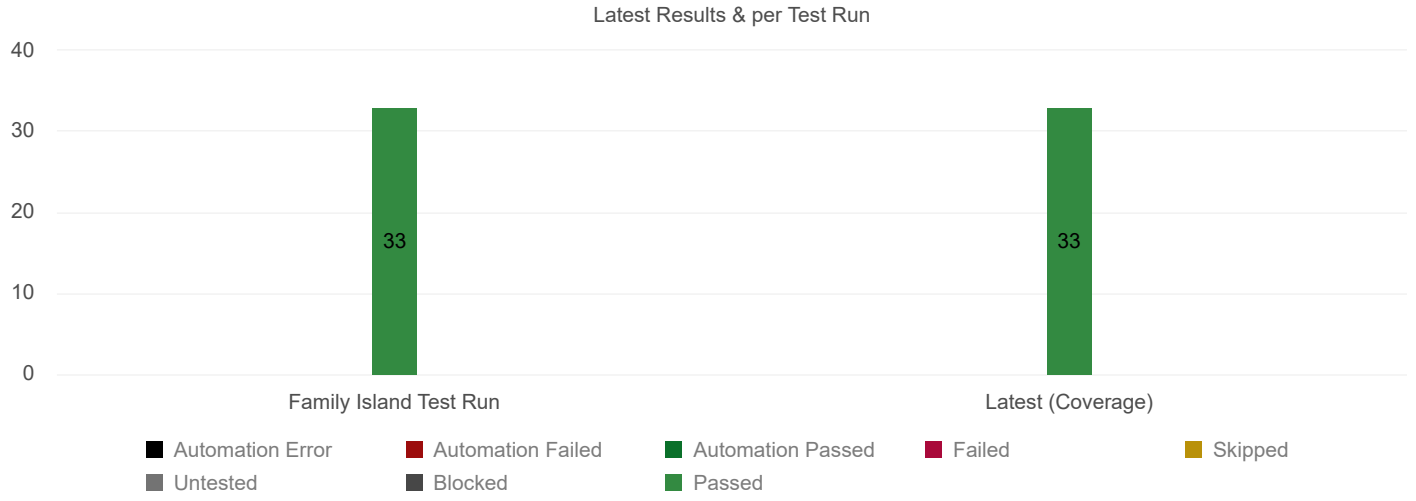
Comparison for Cases

Project: Family Island Testing
By Sujith Prakash, 3/3/2026 10:52 AM



Test Runs

The statistics and percent numbers of this report only include the test cases that match the selected filters, if any.

Saturday, February 21, 2026

Family Island Test Run 100%

	Family Island Test Run	Latest (Coverage)
Tests	33	33
Passed	33 (100%)	33 (100%)
Blocked	0 (0%)	0 (0%)
Untested	0 (0%)	0 (0%)
Skipped	0 (0%)	0 (0%)
Failed	0 (0%)	0 (0%)
Automation Passed	0 (0%)	0 (0%)
Automation Failed	0 (0%)	0 (0%)
Automation Error	0 (0%)	0 (0%)

Comparison & Coverage

1. App Launch & Login (6)

This section validates the app startup process and user login functionality, ensuring players can launch the game and access their account smoothly without errors.

ID	Title	Family Island Test Run	Latest (Coverage)
C75	Application launches successfully	Passed	Passed
C76	First-time user can start game	Passed	Passed
C77	Existing user account loads correctly	Passed	Passed
C78	Login fails with no internet	Passed	Passed
C79	Tutorial guides first resource collection	Passed	Passed
C80	Tutorial crafting step works correctly	Passed	Passed

2. Core Gameplay & Energy Flow (11)

This section validates the main gameplay mechanics and energy system, ensuring players can perform actions, consume energy correctly, and experience smooth game progression without balance or functional issues.

ID	Title	Family Island Test Run	Latest (Coverage)
C81	Energy decreases per action	Passed	Passed
C82	Energy regenerates over time	Passed	Passed
C83	Action blocked when energy insufficient	Passed	Passed
C95	Multiple actions deduct cumulative energy correctly	Passed	Passed
C96	Action animation completes before reward credit	Passed	Passed
C97	Character does not perform action if object already cleared	Passed	Passed
C98	Crop growth completes after defined time	Passed	Passed
C99	Crop cannot be harvested before completion	Passed	Passed
C100	Inventory limit handled correctly	Passed	Passed
C101	Game handles rapid tap input without freezing	Passed	Passed
C102	Level progression triggers correctly	Passed	Passed

3. Resource Management (3)

This section validates how resources (coins, gems, materials, etc.) are earned, spent, stored, and updated, ensuring accurate calculations, proper deductions/additions, and consistent synchronization across gameplay.

ID	Title	Family Island Test Run	Latest (Coverage)
C84	Resource count increases after collection	Passed	Passed
C85	Resource deducted during crafting	Passed	Passed
C86	Rapid tapping does not duplicate resources	Passed	Passed

4. Crafting Completion & Quest Flow (4)

This section validates the crafting process and quest progression, ensuring items are crafted successfully, timers function correctly, rewards are granted properly, and quest statuses update accurately upon task completion.

ID	Title	Family Island Test Run	Latest (Coverage)

C87	Crafting completes after timer	Passed	Passed
C88	Game handles app restart during crafting	Passed	Passed
C89	Quest progresses after required action	Passed	Passed
C90	Reward credited after claim	Passed	Passed

5. Island Exploration Flow (6)

This section validates the island navigation and exploration mechanics, ensuring players can unlock areas, clear obstacles, discover new resources, and progress smoothly without navigation errors or progression blocks.

ID	Title	Family Island Test Run	Latest (Coverage)
C91	New island unlocks when requirement met	Passed	Passed
C103	Locked island cannot be accessed prematurely	Passed	Passed
C106	Returning to home island preserves progress	Passed	Passed
C107	Event island expires after timer ends	Passed	Passed
C109	Island progress syncs across sessions	Passed	Passed
C110	Map UI updates after unlocking new island	Passed	Passed

6. Interruptions & Stability (3)

This section validates the game's behavior during interruptions such as incoming calls, notifications, app minimization, and network changes, ensuring gameplay resumes correctly without crashes, data loss, or progress issues.

ID	Title	Family Island Test Run	Latest (Coverage)
C92	Game resumes after minimizing	Passed	Passed
C93	Network switch handled properly	Passed	Passed
C94	Energy never becomes negative	Passed	Passed
